

West Michigan Aviation Academy Student Parking Permit Form

Student Name

Grade

Make of Car

License Plate #

Color

Parking tags are issued on a first come, first serve basis. There are two types of student parking tags: (1)General Student Parking Tags and (2)FTC Park & Stay Tags.

General Student Parking Tags:

General Student Parking Tags are issued first, until the main campus parking lot is at capacity. Students with these tags are permitted to drive between the main campus and the FTC.

FTC Park & Stay Tags:

When the main campus lot becomes full, FTC Park & Stay Tags will be issued. Students with these tags must park at the Flight Training Center, and students with these tags MAY NOT drive between the two campuses.

Parking Guidelines:

Because of the limited number of parking spaces on the school grounds, the following guidelines are in effect:

1. Students must park in a legal, designated student spot according to their issued parking tag.
2. Student may not park anywhere in any of the drop-off areas
3. Students choosing to park in any of the airport parking areas or ramps are subject to all fees, restrictions and policies of the airport.
4. Students may not go to their vehicles during the school day without permission from a school Administrator.
5. Students failing to park in the designated student parking areas are subject to having your car ticketed or towed at student's expense.
6. Students must purchase and have a parking tag viewable in the designated spot in their vehicle.
7. Students must follow the one-way traffic pattern on campus.

***The cost for a WMAA Student Parking Pass is \$10.00 each year.**

I have reviewed this policy and agree to abide by the above rules and regulations to park legally and in legal student spaces in my assigned area, and, if no legal spaces are available, to park in a legal place off campus.
